Employment history

Web Developer, Jang Soo Corporation. Hawaiian Gardens, CA
Apr 2020 – Jun 2020

- Developed the official website for Jang Soo Sushi Bar restaurant — www.jangsoosushibar.com — using React.js and CSS; hosted via 0Netlify
- Communicated and worked with restaurant manager every week to align the design with the company's vision
- Photographed and edited all pictures of food and interior for publishing

Design Intern, MCW Global. New York, NY
Nov 2019 – Jan 2020

- Designed and developed flyers, personas, and email templates for advertisement and communication purposes
- Operated the company's Classy account to communicate with headquarters in Africa and the company's alumni
- Engaged closely with executives in rebranding the company through planning new designs for the website, graphics, and business cards

Web Consultant, Hargreaves Jones. New York, NY
Apr 2018 – Jan 2019

- Oversaw the company's website — www.hargreaves.com — using WordPress
- Published and edited new and existing posts on the website including landscape architecture projects, the ideas page, and the news page
- Promoted website accessibility through overall maintenance with search engine optimization and user experience

Design Intern, Friends of eBay. New York, NY
Jan 2018 – May 2018

- Produced fliers, pamphlets, and renderings for the advertisement of a large-scale exposition focused around interactive events
- Contributed to discussions and presentations in a user interface and experience program for students who were tasked with designing a mobile app for event listings
